AGWM Missionary Associates - Pastoring and Teaching in Jakarta, Indonesia.

To our friends & partners:

In preparation to start itineration in June 2024, we have outlined some ideas on what makes our ministry in an international church, or IC, powerful and impactful, and a ministry you and your church would want to partner with in missions. IES, where we serve in Jakarta, Indonesia, is a very unique church, a powerful ministry with an impact far beyond those who attend. If you've never had an opportunity to be part of an IC, you're missing out.

IES has seen continued growth since the end of our 20-month government-mandated COVID shutdown and the subsequent 6 months of restrictions we lifted. The week running from Palm Sunday through Easter Sunday this year, including our Good Friday services, we had 2,534 unique attendees check-in for our services. That was a great ministry week for sure. This past weekend we are excited to have broken 1400 in headcounts for our best regular week since we returned. Numbers are great but there's a lot more to the story of how we help our people grow and minister here in this amazing city and great nation.

If you're wondering what we do and why anyone would bother to support us, please read below and let us know when we can come to talk with you about ministry in Indonesia and how you and your church can partner with us.

IES Finds Partners For Effective Compassion Ministry.

Where IC's are surrounded by great need they become a great tool to impact communities through compassion ministries.

IC members are often high achievers and doers who have a sense of responsibility to get things done. These factors drive IC's and their people to care for those in need in their community...
